

# Think your old DINAMAP™ 8100 has reached end of life?

## THINK AGAIN!

You may have received word that GE Medical Systems has discontinued direct support of the 8100 product line. Since customer service is very important to GE Medical they have selected EDR as the only authorized support center for the 8100 products.

EDR is a division of Haller Industries, which has been an OEM supplier of 8100 electronic subassemblies to GE Medical since 1988. This long standing familiarity with the product ensures that your 8100 series monitor will be repaired and calibrated to original GE Medical factory standards.

### Services provided by EDR:

- ◆ *Full Service and Repair*
- ◆ *Calibration*
- ◆ *Parts and Accessories*
- ◆ *8100 Rentals and Sales*
- ◆ *1846 Service, Repair and Parts*

The DinaMap® 8100 has proven to be a reliable and accurate NIBP solution. EDR has the expertise to keep your product operating for years to come!

\*DINAMAP is a trademark of GE Medical Systems, Inc.
